

**Presentation to
Nuclear Waste Technical Review Board**

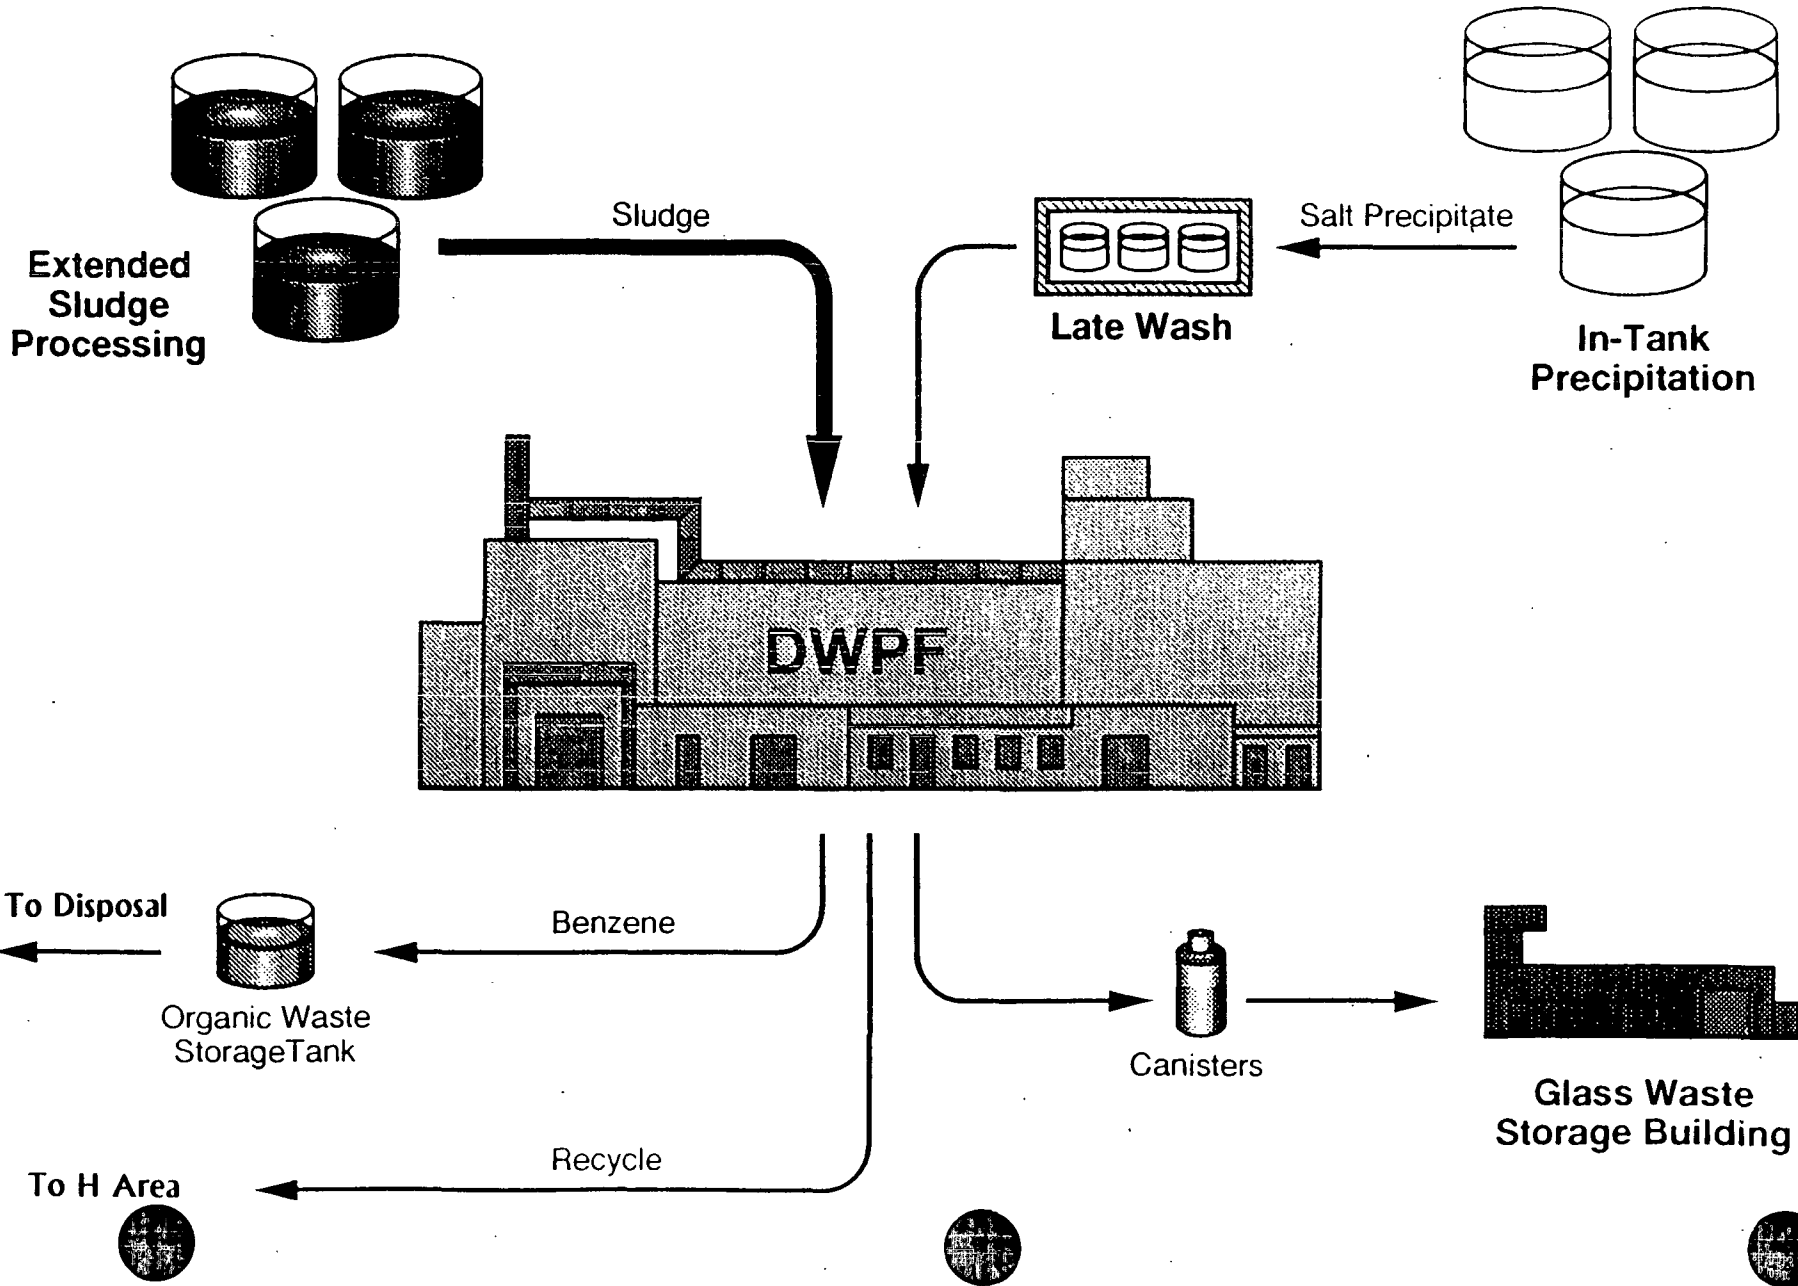

M. N. Brosee

December 17, 1997

**Radisson Hotel
Augusta, GA**

HIGH LEVEL WASTE SYSTEM

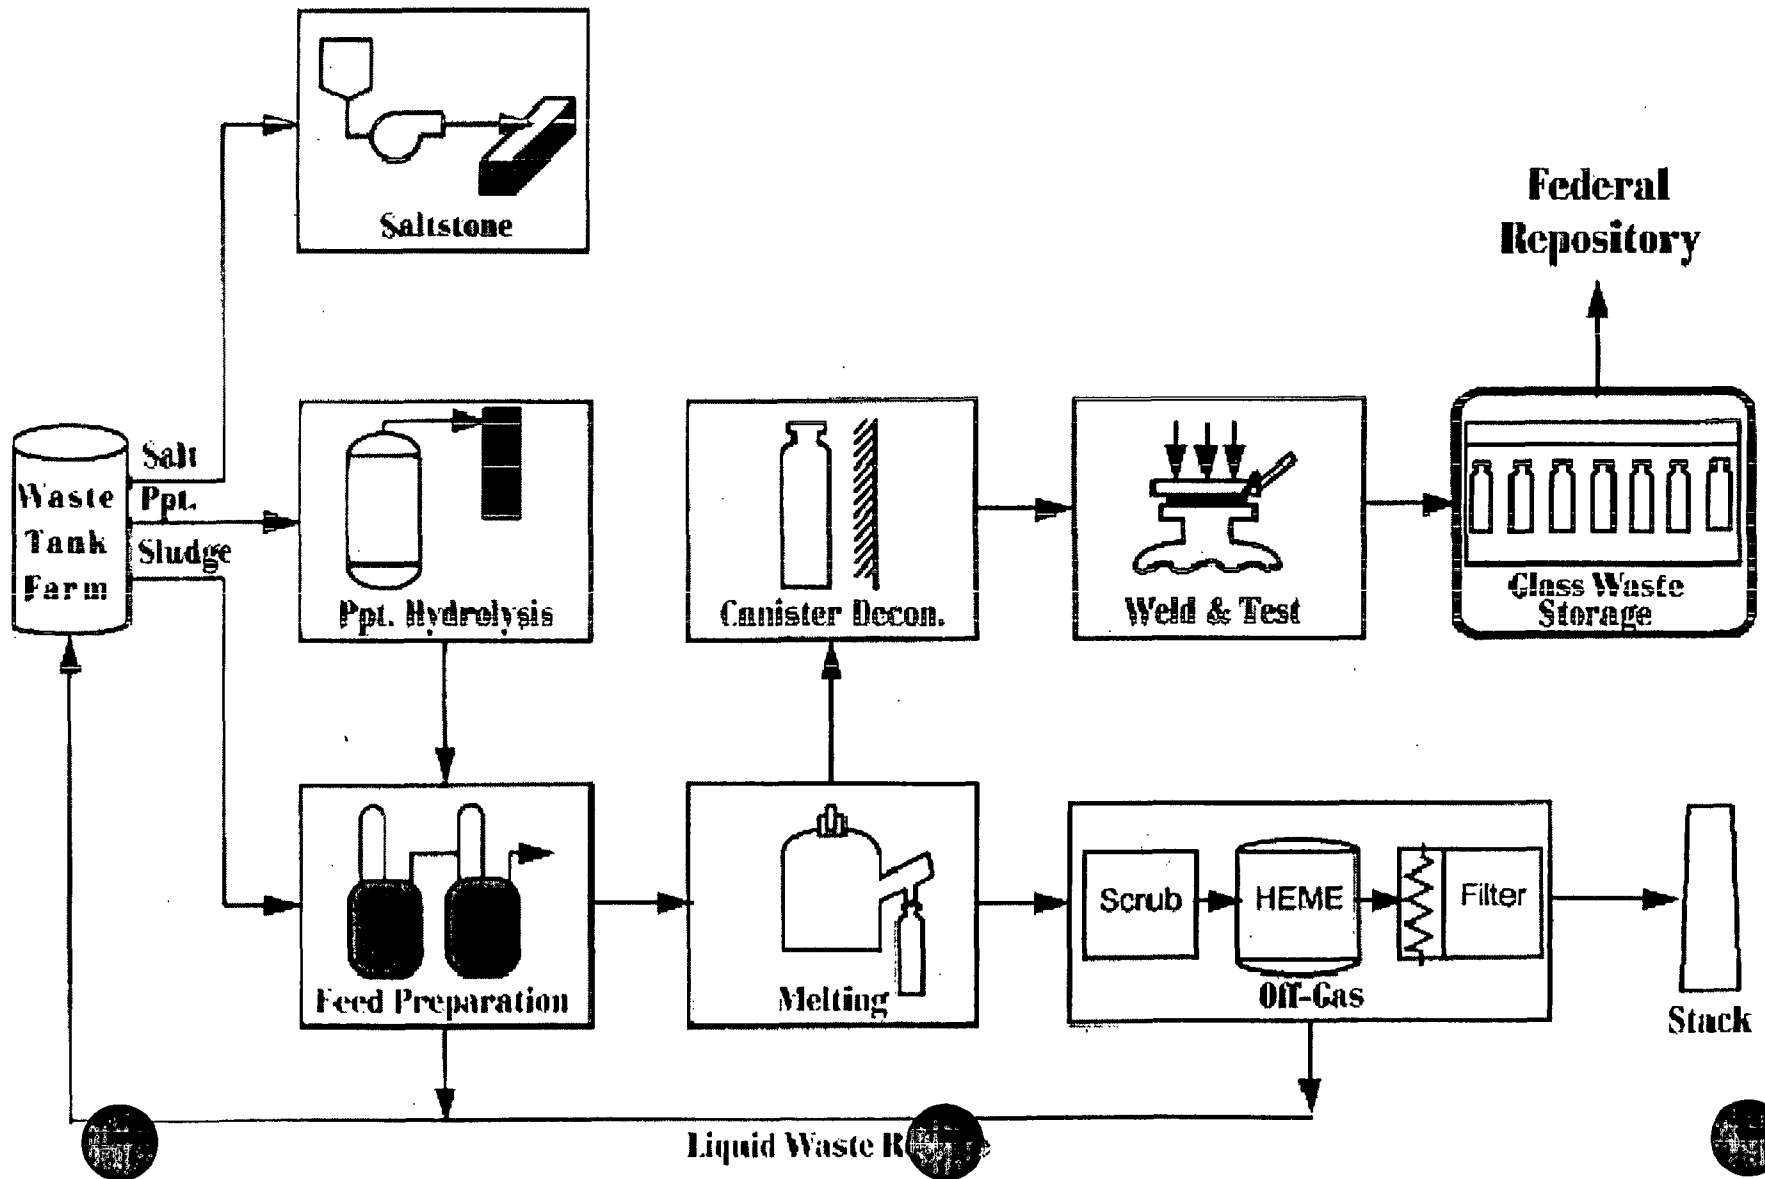

HIGH LEVEL WASTE (HLW) MISSION

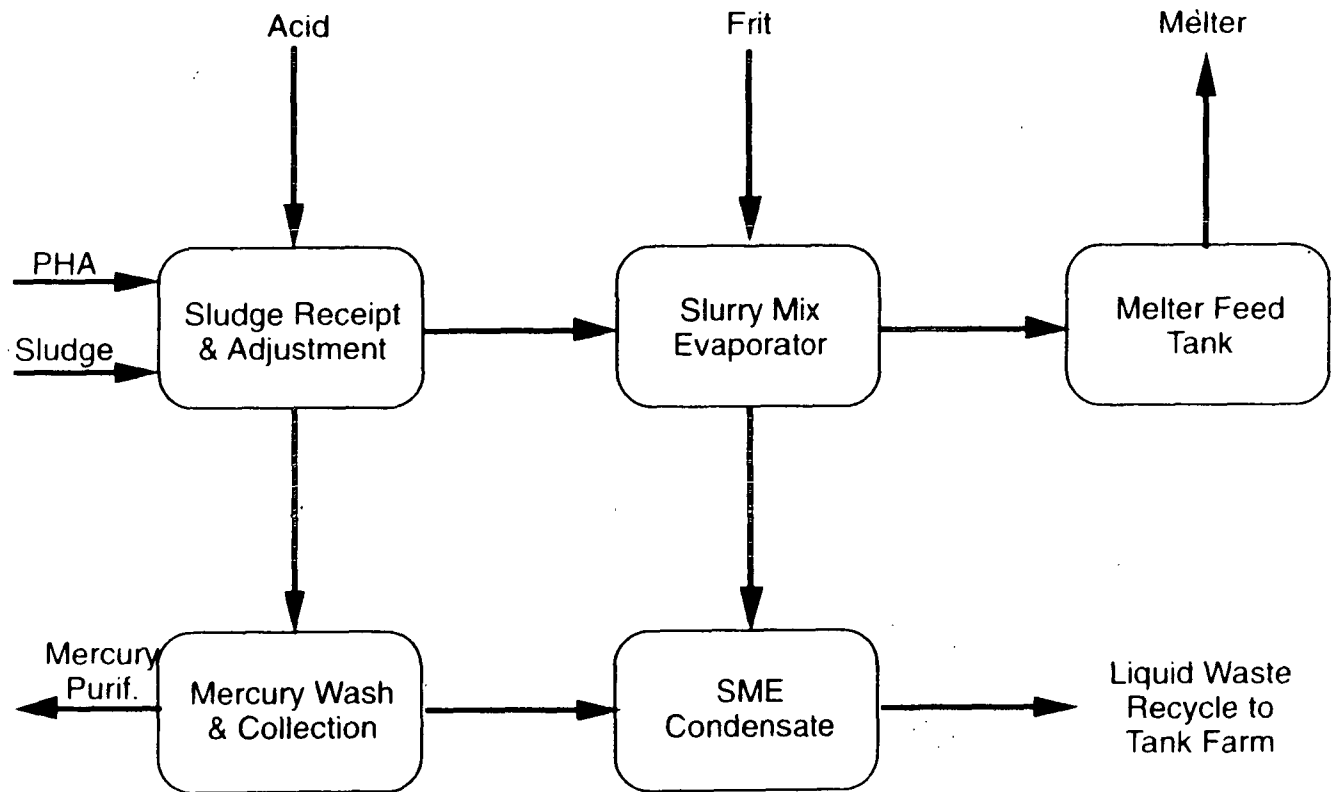

- **Conduct all operations in an open, safe, environmentally sound and cost effective manner**
- **Receive and safely store the inventory of DOE high level waste**
- **Stabilize and/or treat radioactive waste for disposal**
- **Vitrified high level waste and store onsite until a Federal Repository is available**
- **Close aging HLW facilities and place in a low surveillance mode until final disposition**
